CLUB OF SAN JOSE

Meeting: July 23, 2008 Number 4709

2007-2008 President, Bert George

Bob Montgomery **"The Secrets of Southwest's Success"**

Have you had the teeth-grinding experience of air travel recently? Crowded, delays, new fees, almost body-searching examination of you and yours? But one airline has managed to out-do its competitors in price, convenience and just plain good service: Southwest Airlines. Our speaker, **Bob Montgomery**, Vice President of Properties for Southwest Airlines for the last four years, is coming in from his Dallas headquarters, to tell us how they did it.

Bob began his career at Southwest in 1977 as a Ramp Attendant and rose through his skills via customer service and finance responsibilities to his current position, that is the link between the airline and airport operators. These duties entail working on airport budgets and development programs in collaboration with the local entity as well as acquisition and operation of all Southwest facilities nationwide.

Southwest, incidentally, is the dominant carrier at San Jose Mineta International. Almost half the flights and passengers arriving and departing "SJC" are Southwest customers. **Bob** has a deep and important role, therefore, with our city and airport.

Bob lives in Dallas with his wife of more than twenty years, Gretchen. He holds a degree in Finance from Texas Tech University and a Masters of Theological Studies from Ave Maria University.

So, come learn the Secrets of Southwest's Success: it ain't peanuts!
