

BULLETIN

ROTARY
CLUB OF SAN JOSE

Meeting: July 25, 2007 Number 4663

2007-2008 President, Julie Matsushima

Carl Honaker **“Aviation in Santa Clara County”**

Carl Honaker, Director of Airports for Santa Clara County and a member of our Rotary Club, will provide us with an overview of aviation in Silicon Valley, with an emphasis on the three General Aviation (GA) airports that he manages. The GA airports in the Bay Area provide a valuable reliever function for the three primary commercial service airports, SFO, OAK and SJC, offloading many flights that would compete for airspace with the passenger and cargo flights into and out of these airports. General Aviation is commonly mistaken as only small privately owned single engine aircraft, but actually encompasses all aviation activity not associated with commercial and military aircraft, and includes everything from blimps to business jets. **Carl** will educate us on the current status of our airports and what the future holds for air traffic in the Bay Area.

Carl has been with the County for nearly six years now. His love for aviation led him to a 20 year career in the U.S. Navy, flying training and transport aircraft and P-3 Orion long range patrol aircraft worldwide during the cold war. He eventually ended up at Naval Air Station Moffett Field as the last Executive Officer before the base was transferred to NASA in 1994 and then he retired from active duty. **Carl** worked for NASA to help them manage the facility for five years before taking over as Facilities Director at The Tech Museum in 2000. He continued his involvement in aviation as an airport commissioner for Mineta San Jose International Airport before receiving the offer to get back into airport management with the County. As announced last week, he was selected as the SWAAAE "Airport Executive of the Year" for 2007. He and his wife, Karen, have been active San Jose residents for over 20 years.

Rotary Week

July “Rotary World” Spotlights San Jose Rotary Project

The July 2007 edition of **Rotary World** contains a terrific article about the Sewing Training Center that was part of San Jose Rotary’s Tsunami Relief Project. To view the article, go to the web site below, and scroll to page 6.

Money Mic

We all realize that some of our club's best programs are the "Personals" offered by members. In that spirit, President Julie is introducing a new segment to each meeting, the "Money Mic," during which she hopes to have greater participation from a greater number of club members than ever before. Each meeting will be more fun if more members are given the opportunity to share their thoughts and talents with the rest of the club.

"Money Mic" speakers will be allowed 60 seconds to announce an event, brag about a spouse, child, grandchild, golf game, or ...? You can also say a special "Thank You" to someone, tell a joke (short and clean), tell us about a promotion or new job. You can announce an engagement, your retirement, or that your company is going public. Also welcome will be short movie, play, restaurant or wine reviews. Especially encouraged are things that might ever so slightly embarrass a fellow Rotarian. You get the idea.

Due to the popularity of "American Idol," Julie has also decided that these "Money Mic" segments will offer the many talented members of our club the opportunity to "show us their stuff" as we seek this year's "San Jose Rotary Idol." Sing a song, play your violin, recite an original poem, show us a magic trick. Just make sure you can do it in one minute.

Each minute will cost \$100, and, although the money will not apply to your annual donation, all time purchased will apply to your San Jose Rotary Endowment Fellowship. This year, every member should take at least one turn at the "Money Mic."

There will be a "Money Mic" signup sheet at the sign-in table at each meeting. If your announcement is time sensitive, contact Teresa at the Rotary office before meeting day or John Kennett in the lobby on the day of the meeting. The "Money Mic" will be at the front of the room. There will be a Special Guests table near it at which "Money Mic" participants should sit to help move the program along.

What do you have to share?

Stanford Rotaract Club Invites Rotarians to Career Exploration Mixer

The Stanford Professional Mixer

When: Friday, October 5, 2007, 5:00-7:30PM

Where: Oak Lounge and Cypress Lounge, Tresidder Union, Stanford

Who: Top companies networking with Stanford students and recent alumni (undergraduate, graduate, including MBA, Law and Medical school)

How: All registered Stanford students will be provided with business cards that link online to their name, major, contact information and CV. All company representatives will have name tags that indicate their field and title. Companies will be able to access the information of all students who gave them a business card. Participants are expected to interact freely. Refreshments will be provided. Students will be provided with networking tips.

June 21st to July 21st, companies can register.

July 18th: list of participant companies is published.
